Demand and Shortfall of Crude Oil Productivity

4231. DR. ARUN KUMAR SARMA: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state :

(a) the demand and shortfall of crude oil productivity for refineries in Assam during the last five years and the steps taken to meet this shortfall and future projection;

(b) the list of private parties entrusted with exploration work and reasons for entrusting them, indicating areas entrusted, status of the exercise, amount paid and achievement of each party during the last three years;

(c) whether it is also a fact that some parties are to the paid heavy compensation during off-season (flood etc);

(d) if so, the monthly compensation made; and

(e) whether oil companies have ceased exploration work in Assam?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI E. PONNUSWAMY): (a) (i) The demand and the shortfall of the crude oil for refineries in Assam is given as under :—

(In MMT)

Year	Demand*	Shortfall
1994-95	2.85	0.15
1995-96	2.85	0.23
1996-97	3.85	0.98
1997-98	4.00	0.92
1998-99	4.00	0.95

*Based on full capacity utilisation of refineries.

(ii) The total production of crude oil in Assam would be inadequate to meet the requirements of all the refineries of Assam when the commercial production starts from Numaligarh refinery in 2000-2001.

(iii) Steps taken to increase the production of crude oil and meet the shortfall are as under:—

* Effective reservoir management through infill drilling redistribution of water injection and installation/optimisation of lift mechanism.

* 3-D Seismic Surveys for better reservoir delineation and to identify deeper prospects within existing producing areas.

* Faster development of new discoveries.

* Sand control and water shut off jobs.

* Accelerated exploration for accretion of more crude oil reserve.

* Engagement of consultants for field specific problems.

* State of the art geoscientific studies for basin modelling.

* In addition, steps are being taken to supply imported crude to Bongaigaon refinery.

(iv) The crude oil production during 2001-02 in Assam has been estimated to be around 5.12 MMT.

(b) To boost the oil/gas exploration in Assam, contracts have been signed with private companies for three exploration blocks in Assam namely AAP- ON/94/1 (partly in Arunachal Pradesh), CR-ON-90/1 and AA-ON-07 (partly in Nagaland).

Exploration works in these blocks has not yet commenced.

(c) Exploration activity is an ongoing exercise and is to be carried out as per the terms of the Production Sharing Contracts.

(d) Does not arise.

(e) No Sir. Exploration of hydrocarbons is a continuous activity as per the work programme chalked out by the companies.
